Stalgast Modern Logistics Center

We have been manufacturing gastronomy equipment and accessories since 2008. Our factory in Radom was completely overhauled in 2020 to ensure we operate the most advanced production facilities.

Our products include "24h" and „on demand" stainless steel furniture, professional dishwashers, ventilation hoods, commercial kitchen range and serving lines.

We are the only company in the country that manufactures gastronomic accessories made of plastic, including dishwasher baskets and cutting boards. We keep adding new products from this group to our offer.

As a market leader, we have introduced Innovative, environmentally friendly solutions in the production of stainless steel furniture, and we are successfully expanding this process on other product ranges.
